PSYC 2323 Abnormal Psychology (<i>note: May not transfer</i>)	Online I	3				
Total Hours 60						

The Associate of Arts and the Associate of Science degrees have been approved by the Arkansas Department of Higher Education as meeting the transfer criteria set forth in ACT 182 of 2009, commonly known as the Roger Phillips Transfer Act. ACT 182 of 2009 requires an Arkansas four-year public institution of higher education to admit a transfer student to junior status in a baccalaureate degree program if that student has completed the approved Associate of Arts or Associate of Science transfer curriculum.

Note: Students not meeting the ACT or equivalent requirements in math and English must enroll in sequential academic skills math, reading, and/or English courses during their first or second semester in college and each subsequent semester until the requirements are successfully completed. Any degree seeking student who is required to take an academic skills course must also take EDGE 1003 College Life Skills.
